

# PPC 12.5

30.8.-3.9.2021, Lublin - Poland  
Opening Session by Reinhard Krause-Rehberg

- Why PPC 12.5?
- Next positron conferences
- Some hints for presenters

## Why PPC 12.5?

- In march 2020 the Corona pandemic became really strong
- Several members of the IACPA discussed future positron conferences
- Decision: PSD-20 and PPC-13 should be done
- Only online conferences were possible
- PSD-20 was finally successfully organized in March 2021
- Japanese organizers of PPC-13 could not do the online meeting
- It was clear: Organizer must be somehow PC-affine
- I asked Radek to do PPC again (PPC-12 was in Lublin)
- He agreed without discussion ;-)
- Now is clear: PPC-13 will be organized by Yasuyuki Nagashima in 2024
- Thus: Radek decided to call the online-PPC: PPC-12.5

## Next positron conferences

- In May 2021 the IACPA met again and agreed about the future conferences
- Everything has just been shifted by one year

## PPC 12.5

- We expects 94 participants, probably more than in PPC-12
- 44 talks in 9 sessions
- under them 8 plenary talks
- $\approx$  20 posters in Thursday's afternoon poster session
- Round table discussion on Tuesday

## Hints for presenters

- **Most important:** All participants have to switch off their video signal and mute their audio signal always as long they are just listeners
- In talks and discussions actively participating people are free to use video and audio, but everybody is asked to switch it off later again
- Please send your contribution (talk or poster) latest in the morning of presentation day to the organizers. Please use **only PDF no PPT file**. Then the organizers can upload the talk pdf when this is required.
- The posters will have their individual BBB rooms. A list of the links and poster titles will be published before Thursday.
- We organized a backup BBB site for the talks at HZDR. The link will be distributed by Maik Butterling by email to all participants immediately when something happens to the original link at Halle University.
- Thus, in case you cannot reach the conference BBB page, please check your email
- Today you will receive by email 3 pdf-Files: the program, hints for moderators, hints for presenters

- Radek: Thanks a lot for your preparation!!!
- We will have now the first coffee break
- You have to use your own kitchen for this purpose ;-)
- We will continue with our first real talk by Pradeep Pujari at 09:00 Central Europe Time in a few minutes

*Thank you for your attention*
